Herewith is presented the Seventh Edition of Henderson's Brandon City Directory, which is the result of careful work in accordance with the latest and best known methods in directory publishing.

Possibly no other volume or catalogue of statistics could more accurately portray the city's expansion and progress, nor more minutely represent its industrial growth and development in every department.

The Miscellaneous Section in the front part of the volume has been compiled and revised from the latest records and statistics.

This Advertising Department, together with the Classified Directory, contains an alphabetical list of all articles made and sold in Brandon, and virtually makes it a city catalogue and forms a most complete buyer's guide.

## POPULATION OF BRANDON, 18,100

In submitting this estimate of Brandon's population we wish to express the stability that Brandon has shown in maintaining her population in spite of this the third year in the Great World's War.

The Publishers wish it to be understood that their figures are to be regarded only as an estimate. **THEY ARE NOT A CENSUS.**

The publishers desire to thank their patrons and the general public for the courtesy extended, at all times, to their representatives, and to say that they fully appreciate the confidence which the business and professional men of Brandon have always shown in their publications.

### BRANDON FIRE DEPARTMENT

Headquarters: Princess Avenue cor. Seventh Street  
Chief—John Melhuish  
Secretary—A. H. Ilborne

The department consists of fifteen permanent (fully paid) firemen

The equipment consists of one steamer, one chemical, two horse hose wagons and one auto hose wagon, one hose reel, one aerial ladder, one hook and ladder wagon and five horses, also one 80 horsepower combination motor truck, chief's motor car.

There are 182 fire hydrants distributed throughout the city. The fire pressure from the waterworks pumping station is 140 pounds with a total pump capacity of  $3\frac{1}{2}$  million gallons in 24 hours. It is a direct pumping system, there being no reservoir or stand pipe. The electric fire alarm system has 36 boxes.

### CITY WATERWORKS

The waterworks pumping station is situated at the corner of 26th Street and Macdonald Avenue and north of the C. P. R. track. It is  $1\frac{1}{4}$  miles west from the City Hall.

Superintendent and Chief Engineer—A. W. Shaw

Assistant Engineers—John W. Anderson, Thomas D. Berry

The supply is taken from the Assiniboine River with a 40-inch intake to the pumping station which is 1,000 feet south of the river. The system is what is known as direct pumping, there being no reservoir or stand pipe. The plant consists of one two million gallon D'Auria high duty pump, two 1,200,000 gallon Worthington pumps,

eight 500,000 gallon pressure filters, operated by four 75 horsepower boilers and one 1,200,000 steam turbine centrifugal pump and two 150 horsepower automatic chain grate stokers.

The engine room is 36x44 feet, two filter rooms, one 36x44 feet and one 33x60 feet, and the boiler room 30x44 feet. Addition to boiler room 46x82 feet, 600 horsepower boilers. There are 1,800 domestic services, of which 500 are on meter and 130 fire hydrants.

A domestic pressure is maintained at 85 pounds, while for fire purposes the pressure is raised to 140 pounds at the station. The total capacity of the pumping plant is  $3\frac{1}{2}$  million gallons for 24 hours.

### PUBLIC WORKS AND IMPROVEMENTS

The city has 35 miles of water mains, 3470 miles of sewers, 5436 miles of granolithic sidewalks, 28 miles of graded streets, and  $6\frac{1}{4}$  miles of paved streets, 16 miles of boulevards and 182 fire hydrants. Permanent steel and concrete bridges are constructed over the river at First and Eighteenth Streets.

Brandon, lat. 49 51, lon. 99 57; elevation at City Hall 1255 feet above mean sea level.

### STREET LIGHTING SYSTEM

Standard lighting system with 56 ornamental combination standards, 244 five light ornamental standards, 58 four-light combination standards, 23 arc lamps, 187 single lights, 30 ornamental single light brackets.

### BUILDING PERMITS

1915 . . . . .	36,155
1916 . . . . .	246,748

### SYSTEM OF NUMBERING HOUSES

The system of house numbering adopted by the city of Brandon is the Philadelphia or Decimal system. By this system an even hundred numbers are allotted to each block and the principal advantage of the system is that the number indicates how many blocks distant it is from any given point on the street or avenue.

On avenues which run east and west a number is allotted to every two ve feet, and on streets which run north and south a number is allotted to every fifteen feet.

Odd numbers are located on the east and north sides, and even numbers on the south and west sides.

The affix "east" is used to indicate avenues that number eastward from First Street and the affix "north" is used to indicate streets that number northward from Pacific Avenue.

Pacific Avenue is taken as the basis for all streets running south starting at number 1 and going southward 100 to the block to the southern limits of the city.

Assiniboine Avenue is the basis for all streets running northward starting at number 1 going northward 100 to block to the northern limits of the city.

First Street is the basis and dividing line for all avenue which run east and west. Starting at 100 and going westward 100 to the block to the western limits of the city, and again starting at number 1 and going eastward 100 to the block to the eastern limits of the city.

Rosser Avenue and all avenues running westward from First Street are intersected as follows:

Number	Number
100 First Street	1000 Tenth Street
200 Second Street	1100 Eleventh Street
300 Third Street	1200 Twelfth Street
400 Fourth Street	1300 Thirteenth Street
500 Fifth Street	1400 Fourteenth Street
600 Sixth Street	1500 Fifteenth Street
700 Seventh Street	1600 Sixteenth Street
800 Eighth Street	1700 Seventeenth Street
900 Ninth Street	
1800 Eighteenth Street and so on to Thirty-fourth Street and western boundary of the city	

Rosser Avenue East and all avenues running eastward from First Street are intersected as follows:

Number	Number
1 First Street	500 Rideau Street
100 Dennis Street	600 Franklin Street
200 Russell Street	700 Percy Street
300 Frederick Street	800 Douglas Street
400 Park Street	900 Tenth Street
1000 Eleventh Street and so on to Seventeenth Street and eastern boundary of the city.	

First Street is a basis for all streets running southward from Pacific Avenue west of First Street, which are intersected as follows:

Number	Number
1 Pacific Avenue	800 College Avenue
100 Rosser Avenue	900 Park Avenue
200 Princess Avenue	1000 Southern Avenue
300 Lorne Avenue	1100 Brandon Avenue

500 Victoria Avenue	1300 Queen Avenue
600 McTavish Avenue	1400 Brock Avenue
700 Van Horne Avenue	
1500 Richmond Avenue, the southern boundary of the city.	

Last of First Street are intersected as follows:

Number	Number
1 Pacific Avenue	800 College Avenue
100 Rosser Avenue	900 Park Avenue
200 Pacific Avenue	1000 Hawthorne Avenue
300 Lorne Avenue	1100 Madison Avenue
400 Louise Avenue	1200 Lexington Avenue
500 Victoria Avenue	1300 Clark Avenue
600 McTavish Avenue	1400 Spadina Avenue
700 Van Horne Avenue	
1500 Wellington Avenue, the southern boundary of the city.	

## TRANSPORTATION FACILITIES

The city is connected by four great trunk lines, viz., the Canadian Pacific, Canadian Northern, Great Northern and the Grand Trunk Pacific Railways. The construction of the Hudson's Bay Railway will assist in making Brandon the distributing point for all the produce of western and southern Manitoba, together with the eastern portion of Saskatchewan for the world's nearest market.

Brandon is the second divisional point on the C. P. R. system west of the Manitoba boundary in the very heart of the Province.

The Canadian Northern Railway Company's new main line from Port Arthur to Regina gives Brandon a fast through passenger service. This Company realizes that Brandon is one of its most important divisions.

The Great Northern terminal from St. Paul is located in the business centre of the city. Its handsome passenger depot facing and extending across Twelfth Street close to Rosser Avenue, substantial brick freight sheds and offices have been erected by the Company adjacent to its passenger depot. The Company finds it necessary to make still further provision for the increasing traffic. An extension of this company's lines is to spread its system out to all points from Brandon.

The Grand Trunk Pacific's connecting line gives Brandon a fast service to Edmonton and intervening points, as well as providing the city with closer freight rates.

Brandon Municipal Railway owns and operates 10.31 miles of track, 10 motor cars, 10 trail cars, 1 snow sweeper, 2 direct current motors supplying total power of 807 K W. 550-600 volts power purchased from The Brandon Electric Light Company, Limited.

#### **BRANDON EXPERIMENTAL FARM**

The Experimental Farm is adjacent to the city on the north west, the farm buildings being about 2½ miles from the business centre. The farm is 652 acres in extent, four hundred of which are in the valley of the Assiniboine River and the balance on the sloping sides and upland. There is thus a variety of soil and exposure.

The farm was established in 1888 by the government of Canada for the purpose of testing varieties of grain, fodder, crops, roots, vegetables, fruits, trees, etc., and of testing methods of handling the land best suited for Manitoba conditions. Feeding experiments are also conducted with cattle, swine, sheep, etc.

The farm is open for the general public to visit. About 10,000 on an average visit the farm annually, principally during midsummer when the crops are looking the best.

Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

**\$100.00 REWARD** will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.
